All other membership classifications do not have golf privileges as part of their membership and are referred to within this document as non-golf members. On a temporary basis to make the class 5 & 11 membership offerings more attractive, the Golf Committee and Board of Directors have approved the golf accommodation defined below for 2018. These accommodations are subject to change at any time at the discretion of the Golf Committee and/or Board of Directors.

Recreational & Social Members (Class 5 & 11)

These golf playing accommodations apply to the member and their spouse, if applicable. These accommodations do not apply to the members children, which are only allowed to use the golf facilities in the organized RCC Junior Golf program or as a guest of a golf member.

Applicable guest and cart fee will be charged for themselves and any guests that they bring. In addition to the accommodation outlined above, a Recreational or Social member may play a second time during a calendar month as a guest of a golf member. Guest and cart fees apply. If the member has paid the annual range ball fee, they are permitted to use the practice facilities at their discretion. They are allowed to participate in the instructional programs offered by the professional staff.

RCC Tournament Participation for Non-Golf Members for 2018

For tournament participation, class 1, 2, 3, 14 & 15 members are considered golf members with equal access to tournament participation.

Certain RCC golf tournaments require a specific number of players to accommodate the tournament format. For example, the Men's Ryder Cup requires a field that is a multiple of 16. The typical field for the Ryder Cup is 80, 96 or 112.

In the event that the tournaments listed below have not reached their capacities and additional players are necessary to complete the field, non-resident, recreational and social members are invited to participate in the following tournaments:

- Men's Opening Shotgun, Member-Member & Ryder Cup
- Ladies' Member-Member, Member-Guest & Solheim Cup

Non-resident, recreational & social members become eligible to be added to the field of the applicable tournament at the close of business of the golf shop two weeks prior to the first round of the applicable tournament, known as the Tournament Entry Deadline or deadline.

To be added to the field of a given tournament, non-resident, recreational and social members should indicate their interest in playing in the applicable tournament by signing-up with the Golf Shop at any time prior to the Tournament Entry Deadline. On the day following the deadline, all non-resident, recreational and social member entries will be sequenced directly below the last golf member to sign-up prior to the Tournament Entry Deadline. The order of sequence will be as follows:

- Non-Resident members
- Recreational members
- Social members
- The order of sequence within classifications will be determined by club seniority

All entries received after the deadline will be added to the bottom of the field in the following sequence:

- Golf Members
- Non-Resident members
- Recreational members
- Social members
- The order of sequence within classifications will be determined by club seniority

All tournament and cart fees will apply, but no green fees will be charged for the tournament participation. Additionally, the rounds played in these tournaments will not count towards the normal allowable round(s) for each respective membership classification defined within the preceding section of this document. Any golf member choosing to sign-up with a non-golf member for a partner event will only have the status of the non-golf member in the sequencing process described.

All non-golf member may play as a guest of a golf member in all Golf Committee sanctioned Member-Guest tournaments. They may not play as a member in these events.

These tournament privileges are for 2018 and are subject to change at any time at the sole discretion of the Golf Committee and/or Board of Directors.

Junior Golf

1. Juniors under the age of 12 must be accompanied by an adult to be on the golf course unless otherwise approved by the Golf Shop.
2. Juniors aged 12 and above may be on the golf course without an adult.
3. Juniors aged 16 and above may rent a golf cart, providing they have a valid driver's license.
4. Juniors that are the grandchildren of Class 1, 2, 3 & 15 members are permitted to participate in the Junior Golf program conducted at RCC. These grandchildren are not permitted to participate in the competitive events at the club or on behalf of the club.

5. Juniors under the age of 18 are not permitted to host a guest on the golf course unless accompanied by an adult unless approved to do so by the Golf Shop.
6. Juniors under the age of 16 are not permitted in the locker rooms.
7. Juniors under the age of 18 may not play in adult golf tournaments with the exception of the Men's & Ladies' Club Championships.
8. Juniors under the age of 16 are not permitted to rent or operate a golf cart – no exceptions. Violations of this rule will be reported to the Golf Committee and may result in a suspension of playing privileges.
9. It is the responsibility of the parents to enforce these rules with their juniors and to cooperate with the Professional staff in the enforcement of these rules.

Rules Governing the Play of Golf

1. All play must start from the first tee and play the golf course holes in proper sequence, unless permission is received from the Professional staff to do otherwise. Inappropriate "cutting in" that impacts the pace of play of another group is strictly prohibited and will be reported to the Golf Committee for appropriate action. Be courteous and respectful of your fellow members.
2. During the In-Season, groups may not contain more than four players without permission from the golf shop. Larger groups are allowed during the Off-Season and Winter. Regardless of the season, groups larger than four must let all other groups play through without delay.
3. It is every player's duty to rake sand traps, place rakes outside of the bunkers, replace divots or sand divots and repair ball marks on the greens. If someone in your group is not adhering to these obligations, please be assertive and ask them to do so.
4. It is core to the Ridgewood experience to play golf in 4 hours or less. Every group has the responsibility to complete their round in 4 hours or less. Failure to complete in 4 hours will be reported to the Golf Committee for review and appropriate action. Multiple violations of this rule by the same individual and/or groups could result in a suspension of playing privileges.
5. During busy times on the course, groups with three or four players have the pace of play priority. Singles and twosome do not have priority or an entitlement regarding their pace of play. If a threesome or foursome is behind the pace of a 4-hour round and has an entire hole open in front of them, it is mandatory for the slow group to allow others to play through. If threesome or foursome is on a 4-hour pace, they have the priority and others do not have an entitlement to play through.
6. Walking is allowed on the golf course at all times with the exception of tournaments, which includes the weekly ladies' 9 & 18 hole events and all Golf Committee sanctioned men's tournaments.
7. All players are required to post their scores in the handicap system consistent with USGA rules to do so. The staff will be tracking rounds played versus rounds posted and

those not consistently complying with this rule will be reported to the Golf Committee for appropriate action.

8. Players who complete play, turn in their scorecards and qualify for match play competition in the Men's Club Championship or the Ridgewood Cup are compelled to either immediately withdraw or play in the respective match play competition. Failure to do so will prevent another member from having that match play spot and will result in a suspension from both tournaments the following year. Players may petition the Golf Committee for a waiver of the suspension.
9. Players who withdraw from a tournament within 24 hours of the first scheduled tee time or discontinue play at any time during a tournament will not be allowed to play in that tournament the following year. Players may petition the Golf Committee for a waiver of the suspension.
10. USGA rule 14-3 states that listening to music or a broadcast while making a stroke or for a prolonged period of time during a round is a violation of the rules of golf, just like improving your lie is a violation of the rules. The majority of play at Ridgewood is focused on recreation and enjoying golf and friends. That means loud music and a carnival atmosphere for some, while for others it means peace and tranquility. To try to strike a balance that recognizes each perspective, and in recognition that it is a USGA rules violation, the following local rule has been established by the Golf Committee:
 - A player may play music at any time, providing the music cannot be heard outside of their cart and their cart mate does not object.
 - A player wishing to play music that can be heard outside of the cart must gain agreement from his entire group in order to do so.
 - The music volume should be such that it can only be heard from 10 feet or less from the cart.
 - The music volume should be adjusted as you near adjacent groups such that the neighboring groups do not hear the music.
 - This local rule applies to tournament and non-tournament golf, with the exception of the Club Championship, Senior Club Championship and Ridgewood Cup (including qualifying rounds), where the play of music during these tournaments is strictly prohibited.
